

# Clear View

Introducing the ultra-rugged CA Outdoor Wedge Series Camera for stop-arm applications.

Seon's CA Wedge offers durability and versatility in a waterproof housing that delivers the clearest possible view of passing vehicle license plates.

- Features a high resolution 650 TVL day/night sensor for sharp images.
- Performs with a variety of lenses (16.0 and 25.0 mm) for capturing the license plates of unlawfully passing vehicles.
- Delivers a rugged, weatherproof metal housing designed to increase vandal-resistance for external vehicle surveillance applications.
- Includes local video-out for quick setup and viewing of the camera.
