

Camera Accessories

Enhance your system with Seon's practical camera accessories. Record video footage in the dark with Seon's powerful IR Illuminators. Use Seon's convenient mounting brackets to position your cameras.

SA Camera Mounting Post

- Allows the SA series of cameras to be mounted four inches off a flat surface.
- Raises the camera above a vehicle dash to have a clear view out the windshield.
- Lowers the camera from a header panel to have a clear view out the windshield.
- Mounts the camera off a wall to clear an obstacle.
- Manufactured from cold-rolled steel and epoxy-powder; painted for longevity.

IR Illuminator

- Allows a Seon camera to capture footage in complete darkness at up to a 50' (15.2 meters).
- Provides two versions for different lenses: narrow or wide angle.
- Utilizes sixteen high-efficiency LEDs and consumes only 2.5 watts.
- Supports either ceiling or wall mountings.
- Compatible with B&W and day/night cameras.
- Offers selectable full- or half-power setting.
